IGS NEWSLETTER – August 2019

Helping the world understand the appropriate value and use of geosynthetics

Message From The President: IGS Regional Conferences – Are You Ready?

As with the international conferences, the series of IGS regional conferences are held every four years between consecutive international conferences. We look forward to your participation - have you submitted your abstracts?

[International Geosynthetic Society](#)

The International Geosynthetic Society (IGS) is a learned society dedicated to the scientific and engineering development of geotextiles, geomembranes, related products, and associated technologies. The core purpose of the IGS is to provide the understanding of and promote the appropriate use of geosynthetic technology throughout the world.

By unsubscribing to this email, you will no longer receive messages from the International Geosynthetic Society, this includes the IGS News, information about events held under the auspices of the IGS, and other official communications regarding your membership including dues and electronic ballots, etc.
